# BANISH ODORS NOT BELLA

## PRODUCT DATA SHEET

### Got Pets? You've Got Odors.

Lovable as they are, pets are just attracted to stinky things, and vice versa. They roll in stuff, have accidents or get sick, and they get wet, and wet pets smell *really* bad. That's why we created **B.F.F. Care**: to eliminate funky pet odors on everything from carpets to furniture, bedding and clothes. The **B.F.F. Pet Lovers Kit** includes everything you need to fight foul pet odors in one convenient package.

### Blinding You with Science

The B.F.F. Pet Lovers Kit is powered by No Limit®, which bonds to and permanently alters stinky molecules to prevent the release of odors, eliminating the most offensive animal smells: vomit, feces, urine, litterbox, wet coats and even *skunk*. When No Limit® comes in direct contact with odor molecules they are neutralized and gone—**forever**. And your home will actually stay *cleaner* because any remaining dirt particles are captured in the process and vacuumed, wiped or washed away.

### People, Animal, Planet & Couch Safe

B.F.F. products are completely user safe, nontoxic and biodegradable, and we never add extra fragrances, so B.F.F. is ideal for sensitive people (and pets). Use on carpets, water-safe upholstery, drapes, linens, clothing and more. No matter what Bella rolled in or Buddy dragged in as a loving "gift," B.F.F. can tackle it—**or your money back**.
