with No Limit®

PRODUCT DATA SHEET

Everyone Makes Mistakes

When you have pets, life can get messy. Even the most well-behaved, loving pets have been known to piddle in the wrong area a time or two. You've tried, but simply can't get rid of the stains and odors your Best Furry Friend left on your favorite chair or that new, **what-were-you-thinking-getting-white** carpet.

That's why we created **B.F.F. Spot Remover with No Limit®**: to clear up your worst pet stains.

Blinding You with Science

BFF Spot Remover dissolves, encapsulates and deodorizes spots resulting from urine, feces, vomit, blood and any other nastiness your pet may create. And it removes the shameful evidence without leaving any icky residue, so spots and odors don't come back—ever.

People, Animal, Planet & Couch Safe

B.F.F. Spot Remover is completely user safe, nontoxic and biodegradable, and the mild formula makes it an ideal solution for sensitive people. It is safe to use on carpets, water-safe upholstery, drapes, linens, mattresses and clothing. It can even be used in the washing machine! We promise to conquer even your toughest stains—**or your money back.**
