

**Rescue**  
with No Limit®

## PRODUCT DATA SHEET

### Marking Their Territory

Your pets make their mark on your life, as well as your luxury bedroom comforter and favorite wool sweater. No matter what you use in the laundry, you simply can't get the lingering scent of your **Best Furry Friend** off of slipcovers, clothes and bedding. **B.F.F. Rescue with No Limit®** is the easiest, most effective way to eliminate pet smells that may cling to fabric or hide in your washing machine.

### Give Your Laundry a Boost

**B.F.F. Rescue** is a laundry additive that works right in your washing machine, tackling the most difficult pet smells by

bonding to and altering odor molecules in just one wash. It actually works with your regular detergent to boost overall cleaning performance!

### People, Animal & Planet Safe

**B.F.F. Rescue** is completely user safe, nontoxic and biodegradable, and the fragrance-free formula is ideal for sensitive people (and pets)—it can even be used **ON** pets as a pretreat before shampooing (visit [bffcure.com](http://bffcure.com) for details). The gentle formula will not harm any water-safe fabrics, clothing, linens or towels. We promise to conquer even your most difficult pet odors (or ANY odors)—**or your money back.**

### For More Information
